## INTERESTS

Apart from being a web developer, I enjoy most of my time being outdoors. In the winter I like going to watch basketball games with my team, I like the cinema and walking in the mountains.

When forced indoors, I watch a number of sci-fi and fantasy movies and TV shows, go on trips with my family, cook well that my friends and family like, and spend much of my free time exploring the latest technology. developments in the world of front-end web development.
